Classifying Interior Design Styles Using CNN

BY: NADAI ALGHAMDI
MANAL ALQAHTANI

Goal
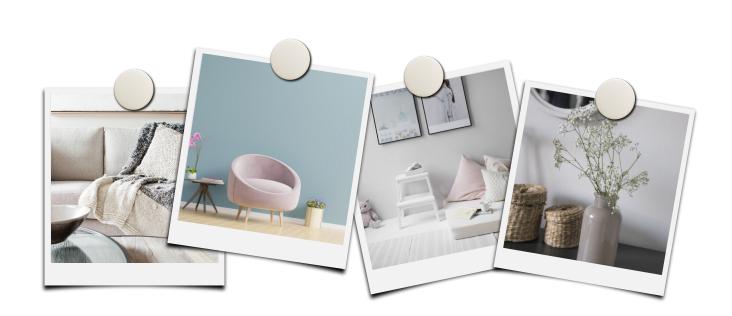

Using Deep learning algorithm to classify different house room styles (Modern or Classic)

Data

The data obtained from Kaggle website:
https://www.kaggle.com/robinreni/house-rooms-image-dataset

Tools

- Seaborn
- Matplotlib
- Tensorflow
- Keras
- Scikit learn

MVP Goal

classification model +report
